Dreamy Tracks Mitts

Designed by Fiona Langtry

Welcome!!

If you haven't done so already, please visit my shop [ReVe](#)

[Design Co](#), where the best of my patterns are available to browse and order.

Some NOTES before we start:

- A. US crochet terms are used throughout
- B. The Dreamy Tracks Mitts are lovely, comfortable, button-up fingerless gloves with a half thumb. Left and Right Hand gloves are different.
- C. Starting at the wrist, you work down to the cuff in rounds, then work the cuff in rows, creating a functional button flap in a band. You'll then re-join your yarn to the wrist and work up in rounds until you get to the thumb. The thumb is created, then the finger section is created, finishing with a pattern section.
- D. Back Loop crochet stitches are used to create the texture. You can choose to work plain/normal single crochet stitches. Your result will be different to mine, yet still effective.

You will need....

Approx. 130m DK weight yarn – almost any will do!

5mm Crochet Hook

2 buttons 0.5"/1.5cm wide

Yarn needle

(Optional) Stitch marker to mark the start of each round

Gauge: Approx 7 sts and 6 rows in hdc in 5cm(2")²

Fit: Medium Lady (as written). You want the foundation row to loosely fit wrists.

US Techniques/abbreviations required:

Foundation Half Double Crochet (fhdc) OR you can do a starting chain and work hdc into it.	Back Loop Single Crochet (blsc) – work the single crochet into the back loop only
Single Crochet (sc)	3-Double Crochet Cluster (3-dc cluster) – work 3 double crochet into the same stitch
Double Crochet (dc)	Turning Chain (tch) – NOT counted as a stitch
Half Double Crochet (hdc)	Slip Stitch (slst)
3 Double Crochet Together (3dctog)	Chain (ch)

(For instructions and video tutorials on most of these techniques/stitches, I recommend mooglyblog.com)

Special join for Thumb:

Insert hook into BLO of current stitch AND BLO of 4th last stitch, YO and pull through. Complete stitch as normal.

Join Yarn to continue glove:

Join yarn to the stitch formed in the Special Join for the thumb.

Tc and hdc in same space.

Hdc into the 2 strands to the right of join

How to make your Dreamy Tracks Mitts:

I recommend working these mitts in tandem, to ensure a matching size.

This also means that once you get to the final section, you have almost completed both mitts, making it less likely that you'll end up with an odd one in your WIPs box.

Wrist Bands (make 2 identical until Row 6):

Working in rounds, starting at the wrist.

(Adjust the size of your mitts by using a multiple of 3 stitches. Remember to adjust your stitch counts throughout to match.)
